PHYSIOLAB
CLINICAL RANGE

PRODUCT DEVELOPMENT
PHYSIOLAB S1

New features of the Physiolab S1:

- ✓ Pause feature allows user to start & stop midway through treatment

- ✓ Improved ease of use pre-programmed protocols for each treatment area

- ✓ Immediate treatment start (no purge routine)

- ✓ Auto-repeat function reduced to 1 hour cycles

- ✓ Ability to adjust treatment real-time (change temperature, pressure, length of treatment, mid-treatment)

- ✓ Same high level of performance; reduced complexity
